SUMMARY

A proactive BCA (Bachelor in Computer Application) student at Nesfield International College, with hands-on experience from a remote internship in full-stack application development.

Eager to secure an on-site opportunity to apply my technical skills, gain deeper insight into how professional teams operate, and contribute meaningfully to the organization's success.

Passionate about building a career in web and application development, with a strong interest in real-world problem solving.

SKILLS

- Web Development: HTML, CSS, JavaScript, PHP, WordPress, Joomla, Bootstrap – Skillful
- Programming & Backend: Java, Python (Flask, FastAPI), Spring Boot, JPA – Skillful
- Mobile & App Development: Flutter, Dart, Android – Skillful
- Databases: MySQL, PostgreSQL, Firebase, JDBC – Skillful
- Version Control: Git, GitHub – Skillful
- Other Tools: FFmpeg, RabbitMQ, Backblaze – Beginner

EDUCATION

Bachelor in Computer Application

Nesfield International College / Lalitpur / Present

+2 Management Stream

Dav college / Lalitpur / July, 2018 - September, 2020 CGPA: 2.97

SEE

Bal Deeksha Sadan Higher Secondary School / Lalitpur / March, 2017 - March, 2018 GPA: 3.15

EXPERIENCE

Internship

Bluefox / Itahari / December, 2024 - April, 2025

I worked in this organization as flutter intern in remote. Worked on Stackfood android app with frontend, backend and used firebase as database. My role was creating full stack mobile app under the guidance of my mentor Mr. Bipin Chapagain.

PROJECTS

Build web application

Trek Management System: Web app for booking treks with package selection and map view, built using PHP, JS, HTML/CSS, and MySQL.

Vendor Management System

I was solely engaged in building an android mobile application named Vendor Management System. Dart and Flutter is used for building it.
